Mind Over Matter ~ Spirit Over Mind

27 - 30 Sept 2019

The Australian and New Zealand Urantia Book Readers' Annual Conference
 Green Hills Conference Centre, Stromlo, Canberra, ACT.

27-30 September 2019

*In the evolutionary superuniverses energy-matter is dominant except in personality, where **spirit through the mediation of mind** is struggling for the mastery. The goal of the evolutionary universes is the subjugation of energy-matter by mind, the co-ordination of mind with spirit, and all of this by virtue of the creative and unifying presence of personality.*

[Paper 116:6.1, page 1275:1 emphasis added]

The ability to learn, memory and differential response to environment, is the endowment of mind. Mind can profit from experience.

This year the ANZURA conference returns to the nation's capital, this time in a bush setting on the north bank of the Murrumbidgee River.

About the conference theme It is pretty obvious that in the 21st Century there is considerable understanding of the ways in which the human mind has been subjugating matter. The industrial and technological advances of the previous couple of centuries have resulted in modern men becoming virtual worshippers of science, and many suggest that this will lead eventually to mankind's complete understanding of the material world.

However, we need to remember that the Supreme requires that matter be subjected to spirit, and that mind is only the means to this end. This leaves science with the job only partially done, and unless that mind with which matter has been partially subdued is itself directed by spirit, with the motivation of personality, then nothing like complete understanding is possible.

Our object in this conference is to highlight this distinction.

Venue Green Hills Conference Centre, Stromlo, Canberra, ACT 2611.

Greenhills Centre is only fifteen minutes from Parliament House, yet there by the Murrumbidgee River you will feel far from the hustle and bustle of politics, out in the country, relaxed in a beautiful bush setting with views over the Brindabella Ranges.

The ideal setting for delving into *Mind Over Matter ~ Spirit Over Mind*.

Other facilities of the Centre include walking tracks to

the river, outdoor BBQ setting, games room and outdoor chapel. Additional walking tracks are in the nearby Cotter Reserve which will be an activity on offer in the program.

Catering Dining is in a spacious facilities building a short garden walk away from the conference room. The Centre will provide all meals from Friday dinner to Monday breakfast. Tea, coffee and other refreshments will also be available from the kitchenette servery in the conference room.

Special dietary requirements such as vegetarian, vegan, coeliac- and lactose-free meal options are available upon request. (Please indicate on the registration form.) Other food allergies and requirements may be able to be catered for.
